SUBJECT: Application for Correction of Military Record,  

1. The requested correction cannot be accomplished administratively at this headquarters.
2. The applicant is requesting correction of the Retention/Retirement (R/R) year data from 18 February 1997 through 17 February 1998, to show a year of satisfactory Federal service.
3. The following is an analysis of the circumstances surrounding the case:
  - a. The applicant scheduled training so all requirements would be met using 29 March as his R/R date.
  - b. An audit of the applicant's point history revealed 18 February as the correct R/R date. A letter stating this change, dated 31 January 1998, was sent to the applicant.
  - c. The applicant did not have sufficient time to reschedule training to conform to the new R/R date, but continued to participate in good faith. He would have had a satisfactory year of Federal service if the R/R date had not been changed.
  - d. Currently the point data shows 4 Active Duty (AD) training points, 12 Inactive Duty Training (IDT) points and 15 membership points, for a total of 31 points for Retirement Year Ending 17 February 1998.

4. Recommend this application be approved and 19 non-paid IDT points be added. The applicant's record would then show 4 AD points, 31 IDT points and 15 membership points resulting in 50 retirement points and a year of satisfactory Federal service for the period 18 February 1997 through 17 February 1998.

5. If this application is disapproved, no further action is necessary.
